- Inflating foil balloons -** Use the tip shown above. It should be pointing DOWN at a 45° angle to properly inflate.
- Inflating latex balloons -** Use the tip shown above.
- Inflating bubble balloons -** Use the tip shown above. Keep inflating until the balloon is very round the wrinkles and bumps are gone.

Conwin Regulator
Replacement Latex Tip Item # 8677

Do you have this latex tip? If so, do you have a brass tip attachment that twists in to inflate Bubbles?

Bubble Tip for the Conwin
Regulator Latex Tip
Item # 8677
